

# Eat your green out, and join us! ♥

## Volunteer GreenUp – Local Group (m/f/d)

Do you live in or near Basel, Davos, La Chaux-de-Fonds, Lugano, Sion or Zürich? Join our local group there: use your local knowledge while helping your fellow-citizens to integrate more sufficiency into their lives, and most importantly have fun while doing it.

**You:** a (pro)active person with a green heart, who is interested in having a real impact on our planet with a group of cool, like-minded people. Workload approx. 10 hours per month.

**Goal:** Design and organise around 3 fun, positive inspiring events per year.

**Benefits:** You'll learn about sustainability and sufficiency, laugh, have unique experiences, gain useful skills ranging from event organization to communication, and become part of a community of people making a difference. We'll pay your expenses and offer you a huge network, as well as great internal activities.

For more information: [sign up here](#). We look forward to meeting you!
