

We are looking for a:

**CLOTHING
LOOP
Switzerland
@GreenUp**

Project collaborator Clothing Loop Switzerland (Voluntary position min. 10%)

Do you live in Switzerland and love second-hand clothes? We have just launched the project "[Clothing Loop Switzerland](#)" on a national level and are looking for a motivated Clothing Loop project collaborator in the home office, where you can flexibly organise your time. You will support all Clothing Loop Starters, answer their questions and help them to get started.

You: a (pro)active person with a green heart for second hand clothes, speaking German and English (optional French + Italian) interested in making a real impact on our planet with a group of cool, like-minded Clothing Loopers. The workload is at least 10% (4-5 hours per week) depending on the onboarding needs of the Clothing Loop starters.

Your tasks:

- Initial contact with all Clothing Loop Starters throughout Switzerland.
- Managing the Facebook group exclusively for starters
- Preparation of social media posts about the Clothing Loop

Benefits: You will learn about sustainability and sufficiency, laugh, gain unique experiences, acquire useful skills ranging from project coordination to communicating with diverse people, and become part of a community of people who make a difference.

We pay your expenses and offer you a huge network, as well as great internal activities.

Send your CV incl. a picture to Nicole: nicole@green-up.ch.

We are looking forward to meeting you!
