

Workshops with GreenUp

Interactive, hands-on workshops
for organisations, during which
participants engage for a
resource-light society.

Educate

Participants obtain new **insights** based on current **facts and figures**, to not only raise **awareness** for personal action, but to also provide the basis for **sustainability efforts** within the organisation.

Activate

Theory is put into practice!

Workshop participants engage in various **activities** and experience in a playful manner how easy it is to **help shape a resource-light society**.

Inspire

GreenUp workshops promote **lateral and innovative thinking**. Through excursions, the exchange of ideas and habits, participants are encouraged to make **positive changes** for themselves and those around them.

GreenUp is a renowned Non-Profit, operating across Switzerland. We offer 4 workshops of 3 hours each, which can be adapted and combined:

Circular Champions

Circular Economy, Zero Waste

Food Futures

Sustainable Food, Foodwaste

Nature Keepers

Cleanup, Nature, Biodiversity

Travel Explorers

Sustainable Mobility & Travel
