HOSTING EVENTS IN DAVOS? WHY JOIN GREENSHARE:

PRE-EVENT SUPPORT

With our circularity expertise and local knowledge, we advise and support you in setting up more sustainable and circular event (spaces). From renting plants to using second-hand furniture or sustainable designers. We help to bring your footprint down. Customised solutions at an hourly rate.

POST-EVENT REUSE

At a fixed cost of 500CHF per event space, with our e-transporter, we pick up your left-over items and share them with the local community. We track & measure.

What we take: furniture, plants, electronics, decoration, untreated wood, clean textiles and foils, office supplies. The items should be in good shape and cannot be too heavy (max. 2p needed), nor branded / specific to certain events.
